## GEAR-DRIVE SOD CUTTER

SEE IT NOW AT:  
[CLASSENTURFCARE.COM](http://CLASSENTURFCARE.COM)

**42% LESS  
VIBRATION**

Sod cutting is tough work. Done manually it's literally hours of back-breaking labor. **NOW with a new modified cam design for over 42% less vibration, the Classen Gear-Drive Sod Cutter** makes sod cutting easy; leaving level ground to build a new path, walkway, patio, or to establish new flower beds.

### Seriously Versatile

One unit for every rental opportunity. Sod Cutters come standard with an 18-inch wide blade. Optional blade assemblies in 12-, 16-, 20- and 24-inch\* widths available.

### Seriously Maneuverable

Short unit length and optional rear swivel wheel make the Gear-Drive Sod Cutter the most compact and easily maneuverable sod cutter in the industry!

### Seriously Productive

With a cutting blade that makes 20 cutting strokes per second/1200 per minute, your customers get more done in a single day.

\*Blade for use on SC188 model only

# SC18 SOD CUTTER

**Finger throttle control**

for adjustable speed operation; goes idle and stops movement when released

**Versatile** – Adjustable cutting depth up to 2.5 inches

**Easy-to-operate** thanks to user-friendly controls and quick view how-to panel

**Easier-to-unload** – clutch/brake lever for ease in backing machine off of truck or trailer

**42% less vibration** with NEW modified cam design

**Better results** – centered blade placement ensures more consistent cutting depth

**Easy-to-control** – Knobby-tread drive wheels reduce dirt build-up for max traction

**SERIOUS LAWN CARE MADE EASY.**
